FAQs

Will I receive a Membership Card?

Yes! You will receive a physical membership card in the mail a few weeks after we process your membership.

Where can I go with the Reciprocal programs?

The lists of current nature centers, gardens and museums that are a part of each offered reciprocal program can be found on our website.

These membership levels are different from what I remember in the past. What's going on?

July 1st, 2024 we revamped our membership program with new levels and expanded benefits. If you had an already active membership when we implemented the new program, your membership was automatically recognized. Your expiration date didn't change and you gained the benefits associated with the equivalent level. No changes need to be made to your current membership until it is time for you to renew.

If I add a guest to my membership will they receive their own membership card?

No. Your guest will be added to your card. But, an additional card may be requested.

Do I have to be a Paw Prints Member to walk the trails?

No. Our trails are free to walk but not to maintain. The Paw Prints membership is for anyone who would like to show their support to the Hungerford Nature Center and help us maintain our trails.
